

2015 ANNUAL REPORT

To nurture and empower children with emotional-health and life-skills education.

GG In Action

Executive Director's Message

Dear Friends of Green Generations,

I am thrilled to announce that 2015 has been an inspirational year of growth for Green Generations! Last year, the Board set the goal to not only double our number of current school partnerships, but to also ask them to subsidize the costs of GG programming in their schools. I am very happy to announce that we have achieved our goal!

This school year, Green Generations provided in-school and after-school programming to over 500 children from second through twelfth grade in three NYC boroughs.

With all of this momentum, we doubled our talented team by hiring two new facilitators and welcoming a new board member, Tim Riker, Board Treasurer and

two board officers, Jessie Norment, Assistant Treasurer and Narcisa Ledesma, Volunteer Secretary.

Additionally, we recognize our Taproot volunteers, Dara Golush and Kristen Evans, who helped us in our efforts to rebrand GG through our social media outlets and overall communications and outreach.

We are also grateful to the legal team who offers GG pro-bono guidance and support, Milbank, Tweed, Hadley & McCloy LLP. This summer they helped us revise and update our bylaws to reflect current nonprofit law along with drafting important policies. We are so very appreciative of their continued counsel and thank them for much for their services!

On behalf of the Board of Directors and myself, we thank you for your continued support that allows Green Generations to thrive. We look forward to celebrating future successes.

With a very grateful heart,

Adrienne Heim
